STANDARD OIL GETS REMOVAL OF THE PLUGS

Dispute Between Two Big Concerns is Taken in the Federal Court Before Judge Dooling.

United States District Judge Maurice T. Dooling of San Francisco, yesterday issued an order restraining the Union Oil company from plugging the pipes leading to and from a reservoir in which Federal Receiver Archie Campbell has \$200,000 worth of oil. The plugs were removed immediately and Campbell resumed the sale of oil to the Standard Oil company.

Campbell, who was appointed receiver last April in the suit of the Government against the Miocene Oil company, declares that a bill of \$12,000 for storage presented by the Union Oil company is too steep, and that he refused to pay it. In retaliation, he claims, the plugs were put in.

The oil flows in a pipe from the Miocene wells at Maricopa to what is known as sump No. 14, belonging to the Union Company. At present there are 505,000 barrels in the reservoir.

According to the receiver, the market for oil is improving, and the Standard Oil is willing to take more than 822 barrels a day, which it contracted to accept. During the days the Union company is alleged to have had plugs in the pipes there was neither "put in" or "take out" at the sump hole. The wells could not be worked and the oil in the reservoir, which is exposed to rain and the elements, was deteriorating in quality.

A hearing in the matter will be held by Judge Dooling next Wednesday.

ELKS INITIATE FOUR NEW MEMBERS

The nomination of officers and the initiation of four members, W. R. Sharkey, Charles G. Bacon, Ward McCracken and Constable George Fraser of Pinole took up most of the evening at the meeting of Richmond lodge of Elks last night.

A committee composed of Exalted Ruler H. G. Biggs, Secretary J. P. Arnold and Past Exalted Ruler Dr. C. L. Abbott were named to confer with Vallejo lodge in the matter of district jurisdiction.

OLD DIRECTORS ELECTED

The stockholders of the Martinez-Benicia Ferry company on Tuesday afternoon re-elected the old directors as follows: W. H. George, J. J. McNamara, J. W. McClellan of Contra Costa, Gustav Gnauck, L. V. Cooper, J. E. Glendon and Geo. L. Sanborn of Benicia.

NEW POLICEMAN BE APPOINTED TONIGHT

At the meeting of the council this evening, Chief of Police Walker will recommend the appointment of Daniel Cox as policeman to take the place of A. G. Percy resigned.

Mr. Cox resides near the corner of Eighteenth and Nevin, and has been a motorman for the street railway company for a number of years.

NEW HOSPITAL WILL SOON BE COMPLETED

That the new addition to the county hospital at Martinez which will just double the capacity of the present hospital building and which will allow for the removal of the old buildings which have done duty for years will be finished and ready for occupancy in about six weeks was the announcement made by Architect W. H. Weeks after he had made a thorough inspection of the job. Weeks told the Supervisors that if the work proceeds for the next month as at present that the hospital will be easily ready for occupancy by the first of April.

The steam fitters have returned to work on the hospital, the plasterers having completed their part of the contract. The plans for the electrical fixtures have been prepared and bids were called for.

CHINA SHOWER IS GIVEN MISS B. HAILES

Miss Bessie Hailes, the talented and pretty young daughter of Mr. and Mrs. J. C. Hailes, residing at 1309 Barrett avenue, whose engagement to Oliver Young, a prominent young business man of the east was announced last week, was last evening tendered a china shower at the home of Mrs. W. S. Smith at 140 Ninth street.

The interior of the home had been prettily arranged for the party in Washington birthday tokens, with red and green streamers, together with miniature George Washington hatchets.

Many beautiful gifts of China were presented to the bride-to-be following which dainty refreshments were served.

Those present at the party were: Cecil Sharpe, Nettie Whitesides, Olive Conn, Edith Prouse, Bessie Prouse, Irma Dearborn, Ada Pierce, Mabel Pearson, Minnie Smith, Mrs. J. Frymire, Olive Sanders, Carrie Oakley, Marguerite Little, Annie Smith, Myrtle Plene, Ruth Spencer, Mrs. W. S. Smith, Miss Bessie Hailes, Miss Mary Smith, Miss Clara and Miss Mabel Irwin.

RICHMOND BOYS' EXPERIENCE

Capsized in a boat on the Hudson river and carried to Ellis Island where they were given dry changes of clothing by fishermen is the startling experience which Ward Cummings and Robert Forrest recently underwent while touring the east.

The two young men who are employed at the Santa Fe shops in this city returned today on the Overland Limited following a two months' tour of the east during which time they visited the Ford automobile factory, the Anheuser-Busch brewing plant, the Capitol at

Washington, D. C., Coney Island and the Great Lakes.

"We had rented a rowboat with the intention of rowing out to the statue of Liberty and were about half way across from the battery to the island on which the immense piece of masonry is erected, when a sudden gust of wind caused our boat to career so far down in the water that she capsized. I don't know just how long we drifted in the chilly waters," stated Cummings, "but was certainly glad when some Italian fishermen came to our rescue."

INSPECTOR OF WEIGHTS AROUND RALPH HARRISON VISITS STORES

For the first time since the inauguration of the weights and measures bureau, Richmond merchants were forced to submit to having their scales and liquid measures tested today by former Supervisor Ralph Harrison of Danville who at the present time is making an exhaustive search of all Contra Costa county in conformity with the new law passed on January 1st of this year.

"In the matter of scales," stated Harrison, "I find that as a general rule that they are all right, but have found many instances in the way of liquid and dry measures where there was considerable shortage."

Harrison caused quite a crowd to

gather about him at the corner of Sixth and Macdonald avenue this morning when he laid two fifty-pound iron blocks on the sidewalk and asked anyone in the crowd to pick them up. The blocks are so arranged that it takes a man with nearly a two hundred pound grip to lift them from the pavement and was not accomplished by a single person.

"This is my first trip around the county," stated Harrison, "and I have found many cases where short measures are being dealt out to the public which should I find the same defect on my second trip of inspection will mean that a misdemeanor charge will be placed against the party."

FIGHT OVER FAVOR OF WAITRESS COMPELLED TO DIG UP 15 PLUNKS

Clifford Welch and Amelia Muller who battled for the hand of Effie Lathrop, a waitress formerly employed in a cafe at the rear of Mac's bar, 1118 Macdonald avenue, on the night of February 2, against whom charges of disturbing the peace were placed by Chief of Police Walker, appeared in the court of Police Judge Lindsey today and paid a fine of \$15 each.

At the time the fight took place over the hand of the dashing young waitress, Muller received several nasty cuts on his hands which necessitated him seeking treatment from Dr. C. L. Abbott.

Since the night of the fight, which occurred in a shack at 524 North Eleventh street, Welch has become mixed in several other escapades.

NEWS UP TO THE LAST MINUTE

Law Held Invalid.

DES MOINES, Ia., Feb. 17.—The Supreme Court of the state today declared the Cosson red light district injunction law invalid. The Iowa statute has been copied in many states.

French Steamer Torpedoed by Submarine.

PARIS, Feb. 17.—Official announcement was made at the ministry of marine this afternoon that a submarine sank the French steamer

er Ville De Lille yesterday off Harfleur. The ship was torpedoed on her way from Mecherbourg to Dunkirk. The commander of the submarine gave the crew ten minutes to leave the vessel.

Allies Renew Hostilities in West. BERLIN, Feb. 17 (by wireless to London).—Hostilities have been renewed at many points along the western front. It was officially announced here today. Attacks by the allies were in progress, it was stated, at various points.

WINFREE SALE IS ATTRACTING CROWDS

The clothing sale now on at Winfree's is attracting large crowds of men each day. Mr. Winfree says prices do the business every time and when he cuts them he cuts deep. This is his regular semi-annual clearance and like all previous events of like character at this store a liberal reduction is made on everything excepting overalls, as these are sold at about cost they permit no reduction. Men's and boys' clothing, furnishings, hats, shoes, etc., may be had at greatly reduced prices.

The sale will continue until the day now on route.

CONVULSION OF ATTORNEY SMITH UNCHANGED

The condition of Attorney Frank Smith who was stricken ill with an attack of heart trouble several days ago remained unchanged today, according to a report as made by Dr. C. R. Blake, attending physician.

"It is probable," stated Dr. Blake today, "that Attorney Smith may recover from his illness providing no unforeseen setbacks occur."

stock is sufficiently lowered to give ample room for the spring merchandise.

WILL ERECT BRICK AT SECOND AND MACDONALD

A permit was issued to Mrs. I. Ruddu today by Building Inspector Bert Wierda for the erection of a two story brick building on the southwest corner of Macdonald avenue and Second street, to cost \$3,500.

As the corner is occupied by a frame building at the present time it is probable this will be moved and work started immediately on the new structure which when completed will be one of the most modern and up-to-date buildings in that section of the city.

FRAME STRUCTURE BEING TORN DOWN

Fire Chief LeMoine at the head of a large crew of firemen today commenced the work of tearing down the frame structure at Second and Macdonald which has been used for the past few months as the meeting place for the Volunteer members of company No. 3.

With the completion of the new truck house it was deemed advisable to tear down the wooden structure, the lumber of which is to be used in the building of a storehouse at the rear of Fire House No. 2 on Fifth street.

MISDEMEANOR PUT AGAINST MARINO

Gonzales Marino, a Mexican employed at Camp 17 of the Santa Fe in this city, was arrested at a late hour this afternoon by Railroad Policeman Edwards and charged with disturbing the peace.

Marino will appear before Police Judge Lindsey tomorrow morning for his hearing.

CRUELTY CHARGE IN DIVORCE ACTION

Divorce proceedings were instituted in the superior court at Martinez today by Norma H. Kaiser against Charles D. Kaiser, alleging cruelty as her motive.

The Kaiser's reside at 433 Eighth street, this city.

BIG CONCERNS SEEK RETURN OF LICENSES

Formal Demand Made on Secretary of State and State Treasurer for Return of \$71,690.

Formal demand on Secretary of State Frank Jordan and State Treasurer Friend W. Richardson for the refund of \$71,690 corporation license taxes paid by 192 California companies, has been made by Clifford McClellan, a San Francisco attorney. McClellan has been retained to fight the case on the ground that the corporation license tax was held unconstitutional by the State Supreme Court.

Suits to recover several hundred thousands of dollars paid in franchise taxes under protest by several large corporations also have been filed against State Treasurer Richardson.

The cases are based on a charge that the State Board of Equalization assessed franchises arbitrarily. The two largest companies involved are the Pullman company and the United States Steel Products Co.

AUTO VICTIM'S FUNERAL IS HELD

The funeral of Mrs. Edward Anderson who died from injuries received in an auto accident on Sunday night was held from the Curry undertaking parlors this afternoon, interment taking place in St. Joseph's cemetery.

Those who acted as pallbearers at the funeral were H. Vargan, George Cook, Charles Nelson, Fred Davis, J. Thornton and Edward Conlon.

INSPECTOR WIERDA ISSUES THREE PERMITS

The following building permits were issued today by Building Inspector Bert Wierda:

Shattery Bros., for the building of an addition on to their present building at the corner of Seventh street and Macdonald avenue, to cost \$100.

Mrs. I. Ruddu, for the erection of a two story brick building on the southwest corner of Macdonald avenue and Second street, to cost \$3,500.

J. C. Allen, for the building of a wood shed at the rear of his property located on Garvin street, in the Brown-Andrade tract, to cost \$30.

While it may be true that a barber shouldn't eat onions, it is the hellish hot towel which really drives away trade.

Independent Democratic Official Paper of City of Richmond

ALL FOR MARY ANN

The Wall Street Journal tells about an American lady who called upon Ambassador Herrick in Paris last August, and gave him a piece of her mind. She said: "Now look here, this war must stop before the first of September, because Mary Ann has simply got to go to school."

In our international relations with peoples as great as ourselves, who are spending their last dollar and their last life in a cause, they believe vital, are we not constituting ourselves the champions of Mary Ann. No nation in the world is more interested than ourselves in the inviolability of treaties. Yet, in the indefensible outrage upon Belgium we had nothing to say. We preserved that kind of neutrality shown by the citizen who declines to give even his moral support to the police in a manifest breach of the peace. But the delaying of cargoes, under the right of search apparently touches us more nearly.

Just another story, to make the pettiness of our grievance quite clear. Lincoln was pestered with deputations demanding the righting of trivial personal damages, at any public sacrifice, when every effort of his mind and body was directed to preserving the union. He told these deputations the story of the pilot steering his vessel desperately through the rapids and the snags, who was imperatively requested by a little boy to stop the ship because he had dropped his apple overboard.

It is the duty and should be the pleasure for everybody in Richmond to visit the exposition on Contra Costa Day. Let us take a crowd over there of at least two thousand people and we can make it three thousand if we try real hard. While you may not want to visit the exposition thus early in the season for the purpose of studying its many attractions in a systematic manner, you should be on hand on this day in order to boost our own county and city. Tell your friends to make their arrangements to set aside that day and make their arrangements to join the throng for the greatest Exposition the world has ever seen.

King Alfonso's announcement that Spain's controversy with Morocco will not be settled until the big war is over shows him to be wiser than some had thought him to be.

We might worry more over these reports that all Europe is hardening against the United States, if it wasn't so plain that Europe needs us a heap sight more than we need Europe.

What do you know about this? Chairman Douglas, of the committee on statistics and standards of the chamber of commerce of the United States said: "Our commercial statistics are lies, and damned lies at that."

A judge in Kenosha, Wisconsin, held court in a taxicab, hearing the plea of a modiste for divorce.

Reports from the war show that 1,000 German lawyers have died in battle.

What a lot of people can't understand is what the I. W. W. in New York wanted with a "pay-no-rent" slogan.

Bread riots in Europe seem to please our wheat gamblers, but they may not find it pleasing if they provoke them at home.

The silk hat and frock coat has supplanted the Chinese queue and official robes of the oriental republic.

That Serbia, a country of 3,000,000 population has less than 200 doctors is a surprising development of the war.

Emma Goldman is preaching a "birth strike" of the women as a means of insuring the betterment of the race.

Colonel Henry Watterson is human enough to say nothing of his own while pointing out the grievances of others.

Charlie Schwab says "The worst is over," and he was referring to business, not to his getting \$100,000,000 worth of war contracts.

Donald Murphy, son of a Pasadena, California, millionaire, has quit wealth and enlisted as a jack tar in the navy.

Roots and bark are the sole food of some of the famished people of Poland, according to Mme. Adamowski.

Fashion note that will arouse no enthusiasm among tight waist hubbies: "Women's hats are to be higher, both in altitude and in price."

Another layman's puzzle. According to the decision of a federal court, there is no "shipping trust," the war having operated to dissolve it.

A pessimist is advertising, at his own expense, for a remedy for the "epidemic of legislative idiocy." Why not leave it to old Doc Time?

Can't blame Switzerland for announcing that it will fight for grub, if necessary. Most anybody would sooner take a chance on being killed than to be starved.

Possibly those appropriation killers in congress have reached the conclusion that the only way to be sure money is not spent unwisely is not to spend it.

On next Saturday the Panama-Pacific Exposition will open to the public and every Californian should be there on that occasion. It will be a great and glorious day and the people should observe it in a fitting manner and show the world that we are proud of our state and its many achievements.

There is a growing suspicion on the part of the people all over the country that the price of flour is out of all reason to what is being charged for bread in the large cities of the nation. Speculation in food stuffs should be stopped in order to give the poor a chance to keep soul and body together.

FARMS

\$600.00 cash, eight years on balance. Good soil, good water supply for irrigation, close to town, in the great San Joaquin Valley. This is without a doubt the most liberal proposition of this kind ever offered.

Planting time will soon be here. NOW is the time to buy. Come in and talk it over. YES, I can trade your house and lot for a farm; have 50 farms for exchange right now.

Indications are that 1915 will be a banner year for California. An abundance of rain insures bumper crops and good prices for all farm products are prophesied. Get in now before the price of good land gets beyond your reach. See me today.

**"DISCOVERY"
NIGHT—A BIG
SUCCESS**

Off to a flying start, the Orpheum in Oakland this week is enjoying a big business and quite justly so, for the program is jammed full of rich, fat, enjoyable vaudeville tidbits. The flying start came on Sunday and on Monday too, for on Monday night—"Discovery Night"—the big packed house saw 12 fine vaudeville features of which 8 were in the regular show and 4 were in the "try-out" class.

This "Discovery Night" at the Orpheum is evidently destined to be a town institution. It has already proven a big success. The Orpheum management's idea is to stage four or five very promising amateur or Australian or European talent that is available on the books of the Orpheum company and then to let the audience in Oakland judge of the merit of the applicants. All of these people are clever people and some of them measure close to Orpheum standards, so that the crowd surely gets big moneys worth for its ticket.

Last Monday night an Australian whistler, Don Roberts, scored a big success. He had just landed from Australia and probably will be booked now after he has registered so strongly. Miss Edna Smith, an Alameda prima donna, gave an enjoyable act Monday night and the Taylor Triplays in a novelty dancing and boxing match proved to be excellent. Wilson, Hall and Wilson were instrumentalists who played banjos and other musical instruments in fine fashion. These four features were good enough to go on any ordinary vaudeville program.

The regular show is of the crack-jack variety this week headed by Paul Armstrong's delicious one act satire, "Woma Proposen."

As a special added attraction there are Mr. and Mrs. Douglas Crane who got a big reception at every performance. Their ball room dances are even more delightful than ever.

Other features on the show this week are Newhouse, Snyder & Co., in a big scenic cycling novelty; Santly & Norton who are "Singers with trimmings," Milt Collins, known as "The Speaker of the House," with a lot of amusing chatter; Butler Haviland and Alice Thornton in a "plotless, sobbass comedy trifle" which they have entitled "At Trouville," Les Copeland and Lew Davis in a blackface comedy singing act; Maryon Wadie and her dancers in a beautiful terpsichorean spectacle. All of these acts are to be seen this week only.

**TWO THUGS TAKEN
IN TOW BY
MARSHAL**

PITTSBURG, Feb. 16.—By a clever piece of work Marshal Fahey landed last evening two holdup men, one hour after they had held up and robbed Otto Brown, steel worker, and had shot him through the left leg. The men gave the names of M. Smith and Joseph Rasich, and denied their guilt but the evidence is overwhelming against them.

Brown was proceeding to his home near the steel works and was passing the lumber yard when the men stepped in front of him with drawn revolvers. They demanded his money and Brown took \$8 from his pocket and was in the act of handing it to them when he whipped his own revolver from his hip pocket.

The men saw the gun and a fight ensued in which Brown was shot and fell to the ground. Some say there were several shots fired. Grabbing the change from his hand and taking Brown's revolver, the men fled.

Marshal Fahey rushed to the scene and assisted Brown to Dr. Baurer's office where his injury was dressed. It was found that the bullet had merely pierced the flesh.

Fahey then started in pursuit of the two men and at the Santa Fe station ran into them. He searched them and finding three revolvers and some of Brown's belongings took them into custody. Brown would not be positive in his identification.

NOTICE OF AWARD OF CONTRACT NO. 247

Pursuant to Statute and to Resolution of Award No. 247 of the City Council of the City of Richmond, directing this notice.

NOTICE is hereby given that said City Council, in open session on the 15th day of January, 1915, publicly opened, examined and declared all sealed bids or proposals offered for the following work, to-wit:

That Sixteenth Street from the southerly line of Ohio Street to the southerly line of Potrero Avenue, including the intersections of Florio, Maine and Virginia Streets with said Sixteenth Street, but excluding the intersection of Cutting Boulevard with said Sixteenth Street, be graded to its width to the official lines and grades, paved with four and one-half inches of asphalt concrete and sidewalks, curbed and guttered with concrete. That corrugated iron culverts with corrugated iron branches, with concrete wing walls and portals be constructed on the easterly curb line of Sixteenth Street across Florida, Maine and Virginia Streets; and under the sidewalk return on the northwesterly corners of the intersection of the said Sixteenth Street with Florida, Maine and Virginia Streets. Exceeding any of the above work required by law to be kept in order or repair by any person or corporation having railroad tracks thereon, and further excluding any of the above work now in the official lines, grades and specifications.

All of the above described work shall be done in accordance with the plans and specifications adopted by the Council of the City of Richmond for said work by its resolution duly passed at a regular meeting of said Council held on the 31st day of August, 1914, and numbered 247 now on file in the office of the Clerk of said City of Richmond, reference thereto being hereby specially made.

That said City Council, under the authority conferred upon it by the provisions of that certain act of the Legislature of the State of California approved April 7, 1911, and known as the "Improvement Act of 1911" determine and declares that serial bonds shall be issued to represent the expenses of said improvements; said bonds shall be serial, extending over a period of five (5) years from the second day of January next succeeding their date, and shall be issued to represent assessments of twenty-five dollars (\$25.00) or more remaining unpaid for thirty (30) days after the date of the warrant issued to the contractor, or five (5) days after the date of said Council upon an appeal; an even annual proportion of the principal sum of each bond shall be payable by coupon on the second day of January of each year after its date and until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year at the rate of seven (7) per cent per annum on all sums unpaid until the whole of said principal and interest is paid; said bonds shall be issued in accordance with the provisions of said "Improvement Act of 1911."

And thereafter on the 15th day of February, 1915, by Resolution of Award No. 247, awarded the contract for said work to the lowest responsible bidder, to-wit: To G. W. Cushing, at the prices named for said work in his proposal on file, namely:

FOR EXCAVATING, \$1.10 per cubic yard.
For Paving, \$4.60 per cubic yard.
For Paving with Asphalt Concrete, \$1.15 per square foot.
For Cement Sidewalk, \$1.13 per square foot.
For Gutters, \$1.14 per square foot.
For Curbing, \$1.35 per linear foot.
For Culverts, 10 inch pipe, \$1.00 per linear foot.
For Culverts, 8 inch pipe, \$1.00 per linear foot.

Said award has been duly approved by the Mayor of the City of Richmond, Dated February 16, 1915.
(Seal) A. C. PARIS,
City Clerk of City of Richmond.
First publication Feb. 16, 1915.
Last publication Feb. 17, 1915.

Lillian Russell in "Wildfire" at the Richmond Theatre.

"WILDFIRE" IS THE ATTRACTION AT RICHMOND

A thrilling drama in which the scenes are laid around the "King of Sports" in the days when horse racing was a real pastime and when people of means and influence and the men of all classes were interested in good horse flesh, is "Wildfire" in which Lillian Russell stars at the Richmond theatre today and tomorrow. Miss Russell has the support of a very strong company and those who have seen the play say that it is one of the best that has been offered here this winter. It is the story of love, intrigue, a plucky girl and a happy culmination of circumstances in which many wrongs are finally righted. Miss Russell for years pleased thousands of people before the footlights where

TENEMENTS AND SLUMS TO BE AVOIDED

Wretched tenements and slums, such as now deface many of the larger American cities in the East, can be avoided in California by wise preventative measures, is the claim just made for the Commission of Immigration and Housing of California a trip of investigation through the East. He not only visited the East Side of New York the North End of Boston, and other congested districts, but also attended numerous association conventions, notably the Convention of the American Civic Association in Washington, D. C., and the Annual Conference of all the City Planning Commissions of Massachusetts. His work also included an investigation of the housing and city planning commissions in Baltimore, Wilmington, Philadelphia, New York, Newark, Boston, Buffalo, Toronto, Chicago, and St. Louis. Based on these varied experiences is his conviction that this State should take immediate steps to forestall the social disaster of crowded slums.

The first concrete attempt to impress the necessity of action upon the public mind will be a housing exhibit under the direction of the Commission of Immigration and Housing. Acting as representative of the commission, Cheney has prepared a collection of photographs and statistic of rental return, etc., of the best types of workmen's houses to be found in the East. These, together with plans of the garden city houses of England and their prototypes in Germany and Canada, will be exhibited this month in Los Angeles, Oakland and San Francisco, that it may be an example of what can be done with proper forethought and guidance. The exhibit is planned to particularly emphasize the real housing problem in California—the single family dwelling or shacks in poorer parts of cities. A solution for these growing abuses is suggested in the form of State regulation.

PETE CRIVELLO, THE FISHERMAN Has Returned to the Free Market

Owing to sickness in my family which necessitated my presence in the East, I was compelled to close my place for 2 months. I am pleased to announce to my old customers that my place is now open, where a large variety of fresh fish may be found at all times, at the lowest prices.

I would like to secure a home for my two boys—one 5 and one 7—with some good farmer. Please communicate with me at the Free Market. Will also make arrangements for accommodations for myself.

The mussels were shipped to Geo.
Valencia of San Pablo, but being a
bachelor, turned them over to Mrs.
Rose who prepared a banquet and
sent out more than a score of in-
vitations.

Dancing followed the evening's
affair at which were the following:
Mrs. T. Fish, Mr. and Mrs. A. E.
Rose, George Valencia, Dr. C. E.
Camp, Mrs. M. Earhart, Miss Gladys
Earhart and Mr. and Mrs. M. An-
derson.

ELECTRICITY BECOMING POPULAR

The increase in the use of electri-
city in the way of light, power and
transportation as disclosed by the
report of the Bureau of Census at
Washington is very interesting. This
report shows that the output of the
light and power stations increased
from 5,862,000,000 kilowatt hours in
1907 to nearly 11,530,000,000 in
1912, practically doubling, while the
number of revenue passengers car-
ried by the street and electric rail-
ways increased during the same time
from 7,441,000,000 to 9,546,000,
000, or by more than one-fourth.

Decline of the Arc Lamp.
The number of arc lamps in use
decreased from 562,800 in 1907 to
505,400 in 1912, or by 10.2 per
cent, but during the same period the
number of incandescent and vapor
lamps increased from 41,876,000 to
75,507,000, or by 82.7 per cent.

Great Gains in Western States.
The greatest output of electrical
energy by the light and power sta-
tions of any one State in 1912 was
that for New York, 2,175,000,000
kilowatt hours. The greatest in-
crease during the 10-year period
ended in 1912 was shown by Cal-
ifornia, whose output rose from 153,-
000,000 kilowatt hours in 1907 to
1,747,000,000 in 1912, making a
gain of 1,594,000,000 kilowatt hours.
The highest proportionate gain, how-
ever, was for South Carolina, in
which State the increase was from
about 18,400,000 kilowatt hours in
1902 to nearly 356,800,000 kilowatt
hours in 1912, or 1,836 per cent.
Exceptionally high percentages of
increase were also shown for Okla-
homa (1,176), California (1,044),
Montana (941), Kansas (900), Ar-
izona (800), Georgia (748), and
North Carolina (745).

The foregoing figures relate only
to current generated for sale, and
do not, therefore, cover the very
large amount of electrical energy
generated by electric railways, man-
ufacturing plants, and other enter-
prises for their own consumption.

CLAREMONT WILL CATER TO THE TOURISTS

The Claremont Hotel, the million dollar structure nestled in the hills back of Berkeley, completed several years ago as a retreat for millionaires, will open its doors May 1 as a moderately priced stopping place for fair visitors of limited means.

Workmen began yesterday to put the building in readiness for use. Negotiations are under way between the Claremont Hotel company and Eugene McCoy, secretary of the Young Men's Christian Association, for making the Claremont the headquarters of visiting Y. M. C. A. members. The national convention of the Y. M. C. A. may be held in the hotel auditorium, which has a seating capacity of 1,500.

Frank C. Havens, largest stockholder in the Claremont Hotel Company, has made possible the opening of the building, which has remained closed since it was built because of certain municipal restrictions imposed by the city of Berkeley.

The furnishings of the hotel will be temporary in character, as it is not intended to operate the property permanently along the lines planned for this year. The 465 rooms will be simply, but comfortably furnished and with the beautiful grounds, which are said to rival those at Del Monte, the view of the bay and the Exposition. It is claimed that guests will be able to live in surroundings that would cost twice as much elsewhere.

The directors of the hotel company felt, it was announced, that it would be wasteful to keep the building closed this year with the enormous demand for housing exposition visitors. The plans of a hotel de luxe were postponed to a future date.

The Claremont will have direct transportation to the fair grounds over the Key Route, which passes the grounds and with the low schedule of rates decided upon should prove one of the popular stopping places of the Exposition period.

SPORTING NOTES

Willie Hoppe is showing his skill at Boston this week.

Johnnie Dundee and Joe Mandot will go 20 rounds at New Orleans Friday night.

The A. A. U. sports begin at San Francisco Monday, when basketball event will be run off.

Jon Coffroth is going into the cycle game at Frisco, and will stage a six day race this month.

The prices to see the Johnson-Willard match range from five to twenty-five kopeks per seat.

Today sees the end of the racing season at New Orleans. Juarez and Havana are all that's left.

Carl Morris and Gunboat Smith are matched for 15 rounds at Joplin, Mo., for Washington's birthday.

A fire-making, friction contest will feature the New York Sportsman's show. All doped tinder will be barred.

In the New York to Coney Island walking race to be pulled off Monday, fathers will compete against their sons.

The veteran Jack Twin Sullivan gets back into the ring tomorrow night in New York, going against Jim Coffey.

The White Sox are off to the Coast tomorrow. They will have 50 preliminary games as a training work-out.

Kinsella and White are matched for the first American championship contest in court tennis, to be played Saturday at New York.

Denver gets a classy mill on Saturday, when K. C. Brown and Dick Gilbert will go over the 20 round route.

Wrestlers from the Middle Atlantic states meet at Pittsburg Friday and Saturday. Harry Jenkins, the amateur champion, is listed.

Iowa is the latest state to boom boxing, and it is expected the lawmakers will do up a scheme for a commission.

The catcher's mitt is a development of the brick-layer's glove, is the latest dope from the old-timers at Fall River.

The Chicago pin hitters will mow them down on Sunday in the international tournament at Minneapolis. The promoters of the Johnson-

Willard mill are having their troubles. Getting the Big Smoke to camp is nearly as hard as to convince the public that Willard has a chance.

Polo ponies are now named "mounts" after the English fashion. The Pasadena tournament is under way and the Coronado tourney opens the 28th.

Count Otto Salm, the Austrian champion, George Aranyl from France and Willard Botsford from England are in the indoor tennis tourney at New York which will reach finals on Saturday.

In the Vanderbilt Cup Race next week, Burman, DePalma, Grant, Oldfield, Anderson, Cooper and other stars are entered. It will be a test of skill more than of speed, for the course at Frisco requires wonderful control.

A RICHMOND REPORT

Whirlpool

SANITARY
DISHWASHER
SEE WHAT SCIENCE
HAS DONE FOR ME

after 3000 years of kitchen drudgery. The much-needed rest of the Housewife has at last arrived. The invention of the Whirlpool Sanitary Dish-Washer saves health, time and nerve and preserves hands and complexion. At last

Woman's Emancipation is here. A delight and an indispensable aid to those who have already used them. Just six minutes to clean, polish and dry the china, glassware and silver of a dinner for eight people. No contact with hot water, steam or hot soapy suds. Self-cleaning, sanitary, no pump used. Small in size, easily lifted and carried. Strongly built of stamped metal.

It has a capacity sufficient to wash at one time all the dishes of the average family, yet is so light and portable that it can be easily moved from place to place.

The movement of the handle forward and backward revolves the propeller in the bottom of the washer, which shakes the hot soapy water with a swirling effect around, through and over all the dishes, forcibly attacking them at all points, and dissolving them with absolute perfection on all sides. The dishes are completely washed in less than one minute's time and the washer works so easily that a child can operate it.

Turning down the small lever at the top of the washer, opens drain valve and discharges the water in a few seconds. The dishes are then rinsed and sterilized by pouring a dishpan of clear boiling water through the lid and turning the handle about thirty seconds. The rinsing operation automatically cleans the washer itself, which always remains in an absolutely sanitary condition.

Beautifully illustrated booklet showing every phase of the Whirlpool Sanitary Dishwasher sent on request.

Thousands are being sold by leading stores in Philadelphia, New York, Chicago, St. Louis and other large cities. The Whirlpool enjoys a monopoly of the market, and furnishes agents the best opportunities for quick money making available anywhere.

HIGHWAY BILL AND WHAT IT PROVIDES

There is a good deal of discussion in the county concerning Assembly bill No. 868, which affects road building in a county. What the bill proposes to do, matters upon which it is silent, and the chief objections to the bill are as follows:

WHAT IT PROPOSES TO DO

1. Create a new department known as the County Highway Department.
2. To give to a highway engineer complete control of the roads in the County and complete control under the supervision of the Supervisors of his department.
3. The highway engineer to be appointed by the Board of Supervisors from the list of qualified engineers to be first passed upon by the State Civil Service Commission and approved by the Department of Engineering of the State of California.
4. The highway engineer cannot be discharged or removed except as under Civil Service Law.
5. The salary of the engineer is to be paid by the County and to vary with the population of the respective Counties. The salary for Contra Costa county would be \$3,000 per year. Engineer also allowed all necessary expenses incurred in the business of the Highway Department including traveling expenses, lodgings and meals for himself and assistants.
6. The engineer may appoint such assistants as he may need. All assistants so appointed and approved by the Board of Supervisors may act and receive such salary to be paid by the County as may be fixed by the Highway engineer and the Board of Supervisors.
7. The Highway Department to be provided with office in or near the Court House and furnished with all equipment, furniture, surveying instruments, etc. necessary.
8. Highway Department also to be equipped with all tools, equipment, etc. that may in the opinion of the engineer be needed from time to time for road, culvert and bridge work.
9. Highway engineer to perform the following duties:

- A. Make surveying, specifications, etc. for all road and bridge work.
- B. Inspect all road work and report to the Board of Supervisors as to whether the work is in accordance with specifications and contract.
- C. Certify to the progress of the road work and the correctness of claims for labor, tools or materials, etc. and no claim for any of said road work shall be paid unless certified as correct by the Highway Engineer.
- D. Report once a month to the Supervisors as to the progress of new road work.
- E. Control and manage County Rock quarries, oil pits, etc.
- F. Control all implements, etc. of the department.
- G. Keep property of Departments in a safe place and file of record in his office maps, plans, etc.
- H. Prepare and submit annual budget to the Board of Supervisors.
- I. Devote his entire time to the duties of the office exclusive of all other business.

MATTERS UPON WHICH THE BILL IS SILENT

1. It does not abolish the office of County Surveyor but takes away most of his duties.
2. The Highway engineer is not required to be a resident of the County or of the State or even a citizen of the United States.
3. It puts no limit other than "necessary" in the opinion of the Highway Engineer on the cost of equipment of the office and road work and supplies therefore.
4. The streets within municipalities are not omitted from his control.
5. Assistants need not be qualified for the work except in the opinion of the Highway Engineer and that they may gain the approval of the majority of the Board of Supervisors in certain cases.
6. It puts no limit other than "necessary" on the number of Assistants.
7. It requires a budget of expense of the engineer and does not limit the expenditures by him to that budget. The County may be called upon for an indefinite amount even after tax levy.

LOCAL MENTION

Pertinent remarks about well-known People in Richmond Happenings about Town

Smashes Finger.

William Rice, employed at the Standard Oil refinery, suffered a very painful injury yesterday when his right hand became caught in a set of cogwheels. The injury was treated at the Abbott emergency hospital.

Spur Track Completed.

The section crew which has been at work laying the spur track from the Oakland branch of the Santa Fe to the Preble Lumber yard, corner of Tenth and Ohio streets, yesterday completed their task.

Leaves for South.

Percy Jones who has been in the employ of the city engineering department, left yesterday for Visalia where he will accept a position with the county surveyor's office of that place.

Visitor in City.

Attorney Lee D. Windrem was a business visitor in San Francisco today.

New Directory.

A new telephone directory is to be put out within the next few days containing 3079 names to 2990 in the October number.

Leads Orchestra.

Archie Matthews in a letter to Probation Officer "Andy" McMahon has informed him that he has been made leader of the orchestra at the Napa State hospital.

Denied Aid.

Upon the order of President M. B. Roberts of the Richmond Social Service Bureau aid has been denied the Bender family residing on 4th street.

Receive Bald Eagle.

A monster bald eagle measuring seven feet from the tip of its tail to its head arrived in this city yesterday for Point Richmond Aerie of Eagles.

REPORT ON MUNICIPAL WHARF BIDS TONIGHT

An adjourned meeting of the council will be held this evening at which time the engineer in charge will make a report on the thirteen bids submitted Monday night for the construction of the municipal wharf.

Subscribe for the Record-Herald.

8. By implication it leaves it to the Highway Engineer to decide whether repair work be done by contract or day labor or salaried assistants and fixes no limit to the compensation therefor.

3. No limit put upon the term of office of the Highway Engineer.

CHIEF OBJECTIONS TO THE BILL

1. It would permit a man without any interest whatever in the County to take charge of the whole County Highway system.
2. An engineer unless appointed holds for life and cannot be removed by the people of the County in any case and by the Supervisors except in case of (A) incompetence or insufficiency, (B) dishonesty, intemperance, immoral conduct, insubordination or discourteous treatment of the public.
3. It indirectly gives control of all County roads to the State Engineering Department and makes the County stand the expense of the same.
4. Under pretense of doing away with politics in road building it gives into the hands of one man the doing of politics in road building in the whole county and connects his department indirectly with the State Department of Engineering. It thus makes possible the worst kind of a political machine with no limit to the expense of maintenance and no way of removing the leaders in it.

SOME SERIOUS FACTS

There are 50 doctors to every undertaker.

One person is accidentally killed every 5 minutes.

112 people are accidentally injured to every fire that occurs.

Over 30,000,000 people are disabled by sickness or accident yearly in the United States.

One out of every 10 deaths is due to accidental injuries.

There is enough illness each year to average 9 days' per individual.

Pin pricks and other slight injuries disable more people than die from pneumonia.

3,000,000 people, in the United States alone, are seriously ill all the time.

Some person is accidentally killed or injured every 3 seconds.

One man in every 6 is accidentally injured every year.

99 persons are disabled by accident or illness to every one that dies.

More wages are lost on account of accidental injuries than through lack of work.

BIG BANQUET AND INITIATION BY MIRAMAR

Following the initiation of Mr. and Mrs. S. M. Dickey into Miramar Chapter, Order of Eastern Star, last evening, a delightful banquet was served, over which the following committee presided:

Mrs. E. Merritt, Mrs. J. Cassidy, Mrs. S. G. Little, Mrs. H. Roe and Mrs. R. H. Fernald.

Except those the barber rubs in, comparatively few cosmetics are used by the males of this somewhat human race.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—adv

Rheumatism Sprains Lumbago Sciatica

Why grin and bear all these ills when Sloan's Liniment kills pain?

"I have used your Liniment and can say it is fine. I have used it for sore throat, strained shoulder, and it acted like a charm."—Allen Dunn, Route 1, Box 88, Pine Valley, Miss.

"I am a painter and paperhanger by trade, consequently up and down ladders. About two years ago my left knee became lame and sore. It pained me at nights at times till I could not rest, and I was contemplating giving up my trade on account of it when I chanced to think of Sloan's Liniment. I had never tried it before, and I am glad to state that less than one 25c. bottle fixed me up apparently as good as ever."—Charles C. Campbell, Florence, Texas.
